A transnational perspective in research means shifting the unit of analysis from individual states to a global system. Sociology’s object of inquiry, and its fundamental contribution, within transnational studies is the study of “transnational social structure” (Robinson 1998).

Transnationalism – GLOBAL SOCIAL THEORY

Global capitalism is the fourth and current epoch of capitalism.What distinguishes it from earlier epochs of mercantile capitalism, classical capitalism, and national-corporate capitalism is that the system, which was previously administered by and within nations, now transcends nations, and thus is transnational, or global, in scope. In its global form, all aspects of the system, including ...
