The Mind In The Cave

Lewis-Williams opens *The Mind in the Cave* with a preface, in which he outlines the methodology that he is working with, and emphasises his position that "we do not have to explain everything to explain something". what he calls "Three Caves: Three Time-Bytes", brief page-long narratives set in the Upper Palaeolithic sites of the Volp Caves, the Niaux Cave and Chauvet Cave.

The Mind in the Cave - Wikipedia

David Lewis-Williams 'The Mind In The Cave' is one of a number of attempts to imagine the psychology and condition of our prehistoric ancestors and its one of the best. Though Steven Mithens 'The Prehistory Of The Mind' was an excellent and thought-provoking read, there was running through it an element of speculation that to my mind seemed a step too far.

The Mind in the Cave: Consciousness and the Origins of Art ...

The Mind in the Cave puts forward the most plausible explanation yet proposed for the origins of image-making and art. David Lewis-Williams skilfully interweaves a lifetime of anthropological research with the most recent neurological insights to offer a convincing account of how we became human and, in the process, began to make art.

The Mind in the Cave: Consciousness and the Origins of Art ...

"The Mind in the Cave puts forward the most convincing explanation yet proposed for the origins of image-making and art. The Neanderthals, our nearest ancient relatives, lived alongside our Cro-Magnon ancestors for over 10,000 years, borrowing stone tool technology but never developing art - how could this be?"

The mind in the cave (Book, 2004) [WorldCat.org]

Although Jung did not write much about caves in particular, the analogy between deep caves and the karstic depths of the unconscious mind is as old as Plato's Cave, and as recent as South African ...
